

At KTNV-Channel 13 Action News we are committed to making Las Vegas a better place for locals and their families. We strive to solve the everyday problems that can make life in Las Vegas frustrating.

Action News tackles problems that government and big business ignore. We ask the tough questions and hold those in authority accountable.

Attached are the community based stories covered by KTNV-Channel 13 for 4Q10 reflecting (5) significant issues that Southern Nevadans are affected by the most; Health and Welfare, Economic Development, Politics, Education and Public Safety.

Our community involvement extended far beyond covering these issues in our newscasts this 4Q10. Along with covering these stories that matter to the Southern Nevada community, Journal Broadcast Group's On-Air Talent and Behind-the-Scenes staff addressed our community's needs by participating in local events that were areas of concern for them.

Specific to 4Q10 was the annual Salvation Army Coats for Kids drive, where our On-Air personalities lent their talents and led the Las Vegas Valley to collect over 10,000 coats to keep the children in our community warm during the winter. In the days following that event, our anchors and reporters partnered with Wells Fargo and one of Las Vegas' newest businesses, Glacier's Food Market, to collect over 7,000 food items. All donations went to benefit Street Teens of Nevada, helping teens get off the streets of Las Vegas, and St. Teresa's Hospice dedicated to AIDS patients here in The Valley.

NEWS SEGMENT: For the first time in a long time, the office vacancy rate in Las Vegas is dropping. A report by CB Richard Ellis says it's the first time it's happened in seven quarters. It says the retail vacancy rate has fallen more than 2% thanks to an increase in leasing, but analysts say the market hasn't recovered yet. That will only happen after the jobless rate goes down and consumer confidence goes up. Produced by Brian Anslinger, Broadcast Date: 10/05/10- 630PM Newscast. (:25 Seconds).

Clark County Gaming Revenues were up overall by 13.6%. Jeremy Aguero from Applied Analysis says, "not only is this encouraging from right here in Las Vegas, but we're also seeing the stock market recognizing some of those changes and seeing improvement overall." NEWS SEGMENT: What the future holds for Nevada's Economy appears to be pretty much anyone's guess. For the first time ever, the State Demographer released both best-case and worst-case projections for population and job growth over the next 20-years. Both versions anticipate a net loss of about 54,000 jobs over the next three years. But beyond that, predictions range from a gain of as little as 14,000 jobs up to 1.2 million by the year 2030. Produced by Brian Anslinger, Broadcast Date: 10/12/10- 630PM Newscast. (:25 Seconds).

NEWS SEGMENT: The latest report on local home prices shows some good news and some bad news about our real estate market. Standard & Poor's/Case-Shiller Home Price Indexes say Las Vegas Home Values gained a tenth of a percent from July to August. However, home prices are still down four and a half percent from August 2009. Of the 20 cities named in the report, that's by far the worst year-to-year drop.. The silver lining is that Las Vegas was recently named #1 on U.S. News and World Report's List of Undervalued Places. Produced by Brian Anslinger, Broadcast Date: 10/26/10- 6PM Newscast. (:30 Seconds).

NEWS SEGMENT: More mediators can now help Clark County Homeowners who are struggling with foreclosure. 48 new mediators were sworn in yesterday for the Nevada Foreclosure Mediation Program. Now, our population is swinging in the opposite direction. Our state and our city don't seem quite as welcoming these days because our economy is still struggling. Nevada has had the highest foreclosure rate in the county for 15 Quarters, and our unemployment rate is

greater than the national rate, especially in construction. In 2006, 148 thousand people worked in that field. Now, there are only 60 thousand construction jobs here. So it's no surprise people have stopped moving here and some are starting to move away. Demographers expect us to lose about 70,000 residents this year or 2.6% of the population. Produced by Brandon Odom, Broadcast Date: 11/08/10- 5AM Newscast. (:75 Seconds).

It's not just the state as a whole that's stressed out. 3 Nevada Counties, including Clark are among the top 10 stressed countries in the US. Produced by Brandon Odom, Broadcast Date: 11/10/10- 5AM Newscast. (:20 Seconds).

NEWS SEGMENT: Things are looking up on the jobs front. Unemployment in Vegas now stands at 14.1%, down from an all-time high of 15% in September. The statewide average also fell two tenths of a point to 14.2%. The City Council will take up the issue tomorrow, but even if approved, Zappos won't be able to move-in until the New City Hall is finished in 2012. Produced by Ted Marschall, Broadcast Date: 11/30/10- 11AM Newscast. (:25 Seconds).

The challenge is that everyone looking for answers is in a unique predicament. The free financial counseling will be going on all weekend long and all Monday at the Renaissance Hotel on Paradise. You don't need an appointment. Produced by Jim Evans, Broadcast Date: 12/11/10- 8AM Newscast. (:55 Seconds).

NEWS SEGMENT: On a topic that hasn't seen good news in quite a while; the economy got a different forecast today. The Center for Business and Economic Research announced today that Southern Nevada's Economy is in recovery mode. They don't expect this to happen overnight, but instead will happen slow and steady economists say. Once the rest of the country's economy starts churning, then Las Vegas will reap the benefits. Two reasons for slower growth are that Vegas had the biggest housing boom and bust in the country, and the gaming industry has been slow to come back... Produced by Allison Anslinger, Broadcast Date: 12/15/10- 5PM Newscast. (:50 Seconds).

NEWS SEGMENT: To the economy now; relief has come to the retail front. Taxable sales are up for the fourth month in a row in Nevada. Sales were up two percent in October compared to last year. The LVCVA says attendance is up, bookings are up and Las Vegas is getting new conventions it hasn't seen before... LVCVA says 2007 was a banner year; more than 6-million convention visitors before the recession hit. Between 2008/2009 convention traffic fell about 60%. Now it's bouncing back to the 2005/2006 levels up to that banner year. Plus room rates are up by more than 3%, with about 5% more available rooms. They're cheering over at the Convention Authority and calling these signs of the economic turnaround Southern Nevada has been waiting for. As for complaints of malfunctioning polling machines and voter harassment, registrar of voters Larry Lomax says both are untrue. Secretary of State Miller says he know emotions are running high this election season, but election misconduct of any kind will not be tolerated. Produced by Rosemary O'Donnell, Broadcast Date: 10/28/10- 5AM Newscast. (:30 Seconds).

NEWS SEGMENT: People came together here in downtown Las Vegas. With loud voices protestors did the nearly impossible, they commanded the attention of Fremont Street. ### **PRIMETIME: WHAT WOULD YOU DO? (Premiere)**

Friday, October 29, 2010

Using hidden cameras, "What Would You Do?" establishes everyday scenarios and then captures people's reactions. Whether people are compelled to act or mind their own business, **John Quiñones** reports on their split-second and often surprising decision-making process.

Friday, November 5, 2010

- **ANTI-SEMITISM:** When a clerk is rude to a young Jewish couple -- insulting them with commonly used anti-Jewish slurs -- will fellow patrons intervene? And will there be a difference in how Jewish or non Jewish bystanders react to the bigoted clerk?
- **DRUNK PARENTS:** What happens when a mom brings her child to a bar, drinking a few too many? Will patrons react any differently if the parent drinking is a dad instead of a mom?
- **FAKE PANHANDLER:** Imagine sitting down in a local outside café/park when you see a woman get out of her car and, before your eyes, transform from dressed up to dressed down. She pulls out a cup/sign and sets up shop to ask for spare change. What would you do? Would it make a difference if it was a man?

- **MUSLIM -- "American" Girl:** Last year "WWYD?" saw how diners reacted when they saw a young, would-be bride trying to escape from her Polygamist family; this season we see how witnesses react to a girl who is unwilling to obey the strict customs of her fundamentalist Muslim family.

Friday, November 12, 2010

- **TEEN DATING VIOLENCE:** One of the first "WWYD?" scenarios involved a man berating his girlfriend, on the verge of physical violence. This time the young boyfriend will be emotionally abusive to his girlfriend and the fight will escalate to the threat of physical harm. One twist will involve changing the couple's attire from conservative/preppy clothes to something edgier.
- **FAKE SLIP & FALL:** It is a multi-billion dollar scam -- a customer in a store slips and falls, then threatens to sue the store for damages. What happens when our perpetrator tries to pull this scam in front of eyewitnesses who know that no such accident occurred? How will people react differently if the person appears to be struggling in a tough economy?
- **THE JUNK FOOD POLICE:** While at a grocery store, an overweight mother and her daughter push a shopping cart filled with groceries with no nutritional value. What will bystanders do when they witness another shopper approach the mom and daughter and criticize them for their choice of food?

Friday, November 19, 2010

- **DRUNK DOCTORS:** Two doctors are at a bar doing some drinking in their scrubs. But instead of being an innocent after work get-together, these doctors make it known to the other patrons that they're an hour or two from beginning their shifts at the local hospital. What will bystanders do knowing that these doctors are not sober enough to pick up a scalpel.
- **BIKINI FAT:** A husband berates his wife for wearing a bikini too soon after she has given birth to their new baby – telling her she looks fat and needs to lose the extra baby weight before he is willing to be seen with her while she's wearing *that*. How will bystanders react? And what if it's the man out of shape?
- **KIDS ON A LEASH:** A mother parades her young children around on leashes, even ties them to a pole when she goes inside a store. Will anyone say anything to the children or to the mom?

Friday, December 3, 2010

- **TEEN DRUNK DRIVING:** A tipsy teenager stumbles toward his car in full view of shoppers and diners in a popular shopping area. Will anyone stop him from climbing behind the wheel and driving away? How will people respond when the intoxicated teen is a girl? And what happens if it's a couple on a date – will anyone dare to step in when the boyfriend is drunk and the girlfriend can't stop him?
- **HOMOPHOBIC PARENT:** A teenage boy tells his father he is gay in the middle of a busy café. The father is initially in a state of disbelief and tells his son it's a fad that he will outgrow. The son protests as the father gets angrier and angrier – finally erupting, "No son of mine is gay." The teen dissolves into tears as the father storms out of the café. How will bystanders respond? And how will people respond when a teen comes out to an intolerant mother instead?
- **MOM'S TIRADE:** A mom stands rink-side at her daughter's skating practice and yells insults at her across the ice... "That is pathetic!" "You're not a champion! Try harder! Skate faster!" When the daughter comes off the ice, the mom continues her tirade – "This is embarrassing." Bystanders watch as the daughter (actually a real-life skating champ) glides and spins perfectly – will they confront the mother or walk away? Will people respond differently if it's a coach who berates the skater?

Friday, December 10, 2010

- **DATE RAPE DRUG:** A past “WWYD?” scenario showed how people jumped to the rescue of a woman they suspected was being drugged by a man. But what would happen if a man were being drugged by an innocent looking young woman?
- **DRAG QUEENS:** At clubs across the country, audiences cheer as drag queens strut their stuff on stage. But not everyone is so enthusiastic about men dressed as women. When two drag queens enter a coffee shop they’re greeted with a mean-spirited waiter. Will customers jump to the drag queens’ defense?
- **PREGNANT DRINKER:** A pregnant woman who looks like she might give birth at any moment sits at a bar ordering drink after drink. What would you do – toast with her, or try to take her drink away?
- **BIKE THEFT:** What happens when a thief snatches a bike in broad daylight in a crowded park? What happens each time when the culprits are white, black and then, a female?

Friday, December 17, 2010

- **MEAN GIRLS:** We all know adolescence can be tough and that teens can be cruel. But while “bullying” may be associated with boys, girls can be bullies too. “What Would You Do?” creates a scenario where three girls verbally attack another in a park, what will witnesses do?
- **GAY PARENTS:** A lesbian couple are eating dinner with their two young children when a nosy waiter complains that having two mommies is “unnatural” and asks the family to leave the restaurant. This scenario is based on real incidents across the country. In fact, gay and lesbian couples can be thrown out of restaurants legally in several states. Will other restaurant patrons intervene, or will they look the other way?
- **ALONE IN A CAR:** Almost 40 children die every year after being left behind in a hot car. Did these kids go unnoticed or did strangers just walk on by? Using a lifelike doll, “What Would You Do?” examines how people passing by would react if they did indeed noticed – would they come to the baby’s rescue?
- **SHOPPING WHILE BLACK:** How will people react when they witness overt racial profiling in a retail setting? When a store clerk in a chic Manhattan clothing boutique starts trailing a well-dressed black woman solely because of her race, will customers step in or will they turn their heads and just keep shopping? And what will happen if the shoppers being followed are a group of teenagers – will reactions be different?
- **CALLER FROM HELL:** Almost everyone has experienced it -- the obnoxious person in a restaurant talking so loudly on his cell phone that there is no escape; everyone must hear every word. How will the frustrated diners react? And when an attractive woman plays the part, does it change everything?
